**PERSONALIZE & SEND YOUR MESSAGE**

Personalize your message by filling in all of the fields in the form below. You may include a greeting, a personalized note to your customer, and a related link. In addition to your personalized message, the email template will include an interactive 3D demo of the product and a list of product benefits.

We recommend you send an email to yourself first to "preview" how emails work and how they will appear to your customers.

If you feel that you've selected the wrong message, it's easy to select a different message.
